JAIL SECURITY TO BE CHECKED BY ARCHITECT

The Adams County commissioners this morning at their meeting in the court house voted to call in an architect to advise them on whether changes should be made at the jail to prevent future escapes by prisoners.

Noting that prison escapes are made "from even the biggest and best guarded prisons" throughout the nation, the commissioners decided, however, to contact the architectural firm of Alfred Hamme, York, designers of the jail when it was constructed ten years ago, to ask an architect to take another look at the jail.

The escapes so far have all been of a type that were believed impossible. One was by ability to climb up a high wall which to the average person would offer no handhold or foothold. The other was by ability to work through a heavy mesh screen, a heavy glass and sheet metal flashing, which it had been anticipated would individually, or in combination, halt the average prisoner.

Go Over Exonerations

Two tax collectors appeared before the commissioners this morning, and six this afternoon to go over the exonerations asked by the collectors for 1958's uncollected taxes. Appearing this morning were Mrs. Helen Sanders, Mt. Pleasant Twp., and Doyle Robert, Hamiltonban. This afternoon the collectors will be Dewey Wolff, Butler; Lloyd Bortner, Union; Harold Hartzell, Reading; Edward Shorb, Conewago, and Wilmer Gross, Berwick. It is anticipated that by the end of the month all of the tax collectors (Continued On Page 2)

PLAN BLOSSOM RIDE SUNDAY; SHOW IN JUNE

Plans for the annual blossom ride on the battlefield next Sunday and for the annual Gettysburg Horse Show on Sunday, June 21, were made by members of the Gettysburg Riding Club at their April meeting Tuesday evening at the home of Mr. and Mrs. John D. Teeter, Twin Lakes. The meeting followed a covered dish supper there. About 90 members and friends attended.

It was estimated that 80 to 100 horsemen from this county and many nearby communities will take part in the ride that will start from the Winebrenner farm Sunday afternoon at 1:30 o'clock. The ride will take the riders past the Peace Light Memorial, through Gettysburg to the high school parking lot and then south over the remainder of the 12 miles of park bridge paths. The ride will take about three hours. Plans for the June horse show are rapidly being completed, reports showed Tuesday evening. It was announced that the challenge trophy for the western division was retired last year and a new one has been ordered to be sponsored by the Rotary Club. The Rotary challenge trophy for walking horses also was retired and a new one is to be presented this year.

Elect New Member

It was announced that show judges have been secured from Westminster County and Johns-

town. Reports showed many nearby towns and cities will be sending riders here for Sunday's blossom ride. The Black Panthers of Sharletsburg will have 20 riders here. Late comers may join the ride at Gifford's lane or at the high school.

After Tuesday's business session, Mr. Teeter showed four reels of motion pictures on Arabian horses in this country in horse shows, on the trail and in use on ranches.

Walter B. Dillon was elected as a new member of the club. Other persons interested in joining should contact a club member. Dr. Bruce N. Wolff, club president, presided at the meeting.

Aged Welfare Worker Is Stabbed 43 Times By Boy

COLORADO SPRINGS, Colo. (AP) — The veteran police chief describes him as "a good looking kid, nice personality, fine intelligence."

That's the way Walter Richard Fitzpatrick, 15, looked on the outside, Chief I. B. Bruce said today. But from inside this boy, 5-feet-6, 130 pounds, came a shocking confession, Bruce said. The youngster admitted Tuesday night stabbing a 4½-inch hunting knife 43 times into the body of Florence D. Martin, 65, city welfare worker who lived alone.

"One of the most vicious murders I've ever seen," said Bruce. "He wanted money and thought she had it."

Spring Comes To State Highways

Painting of traffic lines on Adams County highways got underway Tuesday and the travelling paint crew completed U. S. Route 30 west of Gettysburg. The four-vehicle painting caravan includes the paint spray truck, pictured, another truck from which small warning flags are placed, and two state police cars, one ahead and behind. Most of the painting is automatic. Two spray guns paint one or two lines at a single pass, either broken or solid. Minute glass beads are dusted on the freshly painted lines giving them reflective qualities. The caravan moves at speeds up to eight miles per hour. Traffic delays are slight. Riding atop the truck is Flavis McKendrick, Biglerville R. 1, while watching at right are Clyde O. Garber, county highway superintendent, and James E. Garling, assistant district traffic engineer of the Harrisburg district office. (Times Photo)

NEW OXFORD TO LEARN COST OF SEWER PLANT

The price tag will go on the proposed New Oxford sewer system and water system enlargement following the opening of construction bids by the New Oxford Municipal Authority Thursday night.

Nine contractors are expected to submit proposals. The bid opening is scheduled to begin at 7 p.m. in the fire hall. Construction costs are the big unknown in the overall cost of the project.

Several other items of expense will be incurred, including the purchase of the New Oxford Drainage Co., a sewage collection facility that now serves a small portion of the borough. An understanding has been reached with three stockholders of the company and it is anticipated that a formal agreement for acquisition of the property will be completed by Thursday night.

Other fairly predictable costs are those of acquiring several parcels of land and several rights of way, including the underpassing of the tracks of the Western Maryland Railway on Lincolnway West and on Hanover St.

School Question Open

Still up in the air are negotiations with the Lower Adams School Authority. The municipal authority requested that the school authority pay \$25,000 toward the cost of providing the 40-pound water pressure that the school people want for the new high school, ground for which was broken Tuesday. At a recent meeting of the joint school board and authority, the sewer authority's request got rather cold treatment, but Charles Wolf, attorney for the municipal authority, said he has no reason to think that the matter will not be adjusted amicably between the authorities.

Following the bid opening, authority members and borough councilmen expect to embark on discussions on revision of water service rates within and outside the borough and on the rates to be charged for sewer connections and service.

The authority based its request on its claim that to provide the service requested will involve considerable additional expense. Although the new school will be mostly within the New Oxford (Continued On Page 3)

BROWN HELD FOR COURT IN MURDER CASE

Thomas Luther Brown, 47, Gettysburg R. 1, was held for court on a charge of murder following a hearing Tuesday afternoon before Justice of the Peace John H. Basehore.

Principal witness against Brown was his 13-year-old daughter, Ella Louise Brown, a Sixth grade student. Brown, following advice of the district attorney and justice that he did not testify at the hearing because he was not represented by counsel, did, however, comment, when asked whether he wished to ask his daughter any questions, that the testimony she gave was "all wrong."

Also appearing as witnesses at the hearing was Dr. C. G. Crist, Adams County coroner, who testified concerning the wound of Cleveland Arnold, 59, Gettysburg R. 1. Brown is accused of firing a 16-gauge shotgun into the abdomen of Arnold. Dr. Crist said the actual cause of death was the hemorrhaging that following the shooting.

Tells Of Argument

Corporal Clayton W. Hamberger of the state police told of questioning Brown following the shooting and said Brown admitted to him that he had fired the shot while he was standing on the landing of a stairway and Arnold was standing at the kitchen door, about four feet away.

Ella Louise Brown said an argument developed between her father and "Mr. Cleve," Cleveland Arnold, as they sat in the kitchen at the Brown home Saturday night. Also in the kitchen were Mrs. Brown, Sarah Craig and Ella Louise Brown.

Brown became angered when Arnold made an accusation and told Arnold he was "lying." Brown, according to the child's testimony, started up the stairway from the kitchen to second floor.

Mrs. Brown Fled

Mrs. Brown followed her father, Ella Louise Brown said, "kicked out behind." His foot caught Mrs. Brown in the face, breaking a denture and she fell down the steps. Brown continued up the stairway again, saw her husband descending with a shotgun, and fled the house.

Brown came down to the "second step" on the stairway. Arnold was standing with one hand on (Continued On Page 11)

4 MOUNT MEN CAMPAIGN FOR COUNCIL POST

The annual campaign for the presidency of the Student Council at Mt. St. Mary's College, Emmitsburg, is now underway and will reach its climax with a parade Thursday afternoon through the streets of Emmitsburg.

Four candidates began their campaigning Monday, with rallies and speeches, and the posting of hundreds of colorful posters, in store windows, on trees and mailboxes in and around Emmitsburg. The four juniors who will be seeking the high office are: James E. Cassidy, Bethlehem, Pa.; James J. Murphy, Danbury, Conn.; Dennis W. Pearsall, Vineland, N. J.; Matthew F. McHugh, Brooklyn, N. Y.

4-Day Campaign

Each candidate is given four days in which to do his campaigning. The most familiar and popular type of campaign is the personal interview. Thursday, the candidates ride convertibles, covered with posters and various signs and followed by a "mob" of enthusiastic backers, parade through Emmitsburg. The parade moves through and then backtracks to St. Joseph's College and from there returns to the Mount.

The parade will start at 3:30 o'clock. At 5 p.m. ballots are passed out in the dining hall where each student will cast his vote.

The enthusiasm which goes into one of these elections is a Mount tradition. Two years ago one of the candidates engaged a pilot and airplane which flew over the school at voting time and dropped pamphlets.

All four of this year's candidates are outstanding academic students as well as fine athletes.

QUIGLEY ASKS IKE FOR HELP

(Special To The Times)
WASHINGTON (AP) — Representative James M. Quigley, D. Pa., today called on President Eisenhower as a "citizen and leader" in the Gettysburg, Pa., community to help in what Quigley called the "Second Battle of Gettysburg."

In a letter to the President Quigley urged him to use his influence in help get zoning in the Gettysburg Battlefield area.

Quigley's congressional district includes Gettysburg where Eisenhower has a farm home.

The congressman has been attempting to have funds restored to the Interior Department's budget for the purchase of additional acreage at Gettysburg for the National Park area. A House committee cut the funds out of the department's appropriation.

Quigley maintained that only through zoning can further encroachment of commercialism in the vicinity of the battlefield be checked.

He asked that Eisenhower, "as a citizen and a leader in your community, support in achieving this solution to what is basically a Gettysburg community problem and one that has important national significance."

FIVE TRAPPED IN SEWER TUNNEL

PITTSBURGH (AP)—Five men working in a pressurized section of a sewage tunnel in nearby Rankin were trapped for nearly five hours today by water pouring into the 60-foot deep tunnel. The sandhogs left the tunnel without hardly getting their feet wet after huge pumps drained the water which filled the 7-foot wide tunnel.

For a time there was fear for the safety of the men and an emergency call was sent out for a diver. However, the pumps were able to drain the tunnel.

The men were in telephone communication with fellow employees during the rescue operations. They had an adequate supply of air and suffered no ill effects.

There was no immediate explanation for the sudden surge of the water into the tunnel. It is part of the Allegheny County Authority Sewage system, paralleling the Monongahela River.

In addition to school lunches, he said, the sale by a school of food and beverages at any school function, such as a dance, athletic event or banquet, also is exempt.

will have met with the commissioners.

The resignation of Ray Sponseller as assessor of Hamilton Twp. was accepted.

Noting that the unofficial Daylight Saving Time starts Sunday, the commissioners set the hour for the start of their meeting next Wednesday, and the remainder of the meetings during the Daylight Saving Time period, at 9 a.m., E.S.T. By state law, governing authorities are prohibited from meeting on daylight time, but normally change their hour of scheduled meetings in Eastern Standard Time so that the hour corresponds—under Daylight Saving Time—with the usual meeting hours.

Zoning Question Up

With two of the commissioners' candidates in the forthcoming primary, preliminary arrangements were made for the handling and counting of the vote. Normally the court takes over when the commissioners—who serve as the election board for the county—are candidates.

Attorney Charles W. Wolff, present for discussion of the plans for the election, was also asked a question by the commissioners concerning a matter on which they have no jurisdiction, but do have curiosity. Comment was made on the suggestion of Congressman James Quigley that the townships around the Battlefield set up zoning ordinances to protect the field. The discussion led to a remark that townships generally may find zoning important because of the rapid growth of most of the townships, and Wolf was asked whether the township supervisors have the right to zone. He quoted the law permitting townships, as well as boroughs, to set up zoning ordinances.

GEN. CASSELS

East," he held that "some of the countries have been able to meet them better than others. I feel that Malaya, with which, of course, I am most familiar, has done a most excellent job in meeting its problems. However that is not to say that it has solved all of its problems, because there are so many. But its program of modernization is working out well. Its people were able to handle the changeover to independence smoothly.

"There is one particular thing we must consider in our relations to the Far East generally. We, that is the U.S. and England, must respect the point of view of the people of the Far East. It is not necessarily our point of view, because we have had different environment, different training. They are entitled to their point of view and we must respect it."

Is Exchange Lecturer

General Cassels is the 1959 Kermit Roosevelt exchange lecturer in the U.S. under a program by which an outstanding American general each year speaks at British military colleges and at the same time an outstanding British officer speaks in the American general in Britain now is Lt. Gen. Arthur G. Trudeau, the U.S. Army's chief of research and development, who spoke here last year at the Battle Anniversary program.

General Cassels, speaking of the great number of Chinese in Malaya and other Far Eastern countries, said "they will never be assimilated in that they will become Malaysians. Even though they may be tenth generation in Malaya they still consider themselves Chinese, and they are proud that their mother country is becoming recognized in the world as a great power. I don't think it matters to them whether Communist or Nationalists are in power in China. They have a warm emotional attachment to China as their mother country and they are proud of her. At the same time, I don't think they would wish communism on themselves. But some who may have relatives in China may find themselves under extreme pressure to work for communism."

PTA DISCUSSES ADVANTAGES OF MERGERS

M. Francis Coulson, assistant superintendent of the Adams County public schools, and David Houck, business manager of the Upper Adams merged district, were guest speakers at the April meeting of the Littlestown Joint Parent-Teacher Association Tuesday evening in the all purpose room of the Rolling Acres Elementary School.

Mr. Coulson was the first speaker and first defined a merged district as the joining of two or more existing districts, whose advantages are more and superior to a jointure. In a jointure each school district involved retains its own identity, maintains separate boards, tax programs, must prepare separate budgets, auditors and financial reports, with resultant bookwork. A merged district classification is determined by combined population of the districts involved.

There is one board of seven directors, he said, one from each of the various districts and two elected by the vote of all the districts. When a merged district is formed, there is a change from a fourth to a third class school district. With the elimination of the "monumental paper work," an administrator also has more time to devote to curriculum and the other necessary things required of an educator. Mr. Coulson stated that in his opinion anyone who becomes completely informed about the merged district program, would vote for it. It was to be placed on the ballot, and this can be done only after approval of existing board directors and after a 90-day interval has passed following approval.

Cites Financial Advantage

Mr. Houck explained the financial program of a merged district, noting that the state reimbursement, based on the reimbursement fraction, would change from \$500 per teaching unit of 30 pupils in elementary grades and pupils in high school grades for a jointure to \$800 per teaching unit. He noted that there is currently a bill in the state legislature to increase this figure from \$800 to \$1,000 per teaching unit. On the basis of the present figure, there would be an increase of \$8,000 locally, should there be a vote to change from a jointure to a merged district.

Mr. Houck also explained that a merged district would eliminate the paying of five secretaries, five treasurers, of bonding five treasurers, of paying auditors' salaries for five districts, and there would be only one of each on a merged district board, as the individual districts lose their identity and become one. Tax rates are now different but as a merged district, the per capita tax and the mill rates would be the same. He added: "This does not mean that taxes will be cheaper for education costs continue to rise" but as a merged district the state reimbursement is more. He also said "in the final analysis, the child is the one who suffers from the result of every dollar wasted." Supervising Principal Paul E. King introduced the speakers.

Entertainment Program

The program also included vocal selections by a local mixed octet consisting of Mrs. Doris Plunkert, Mrs. Violet Weisel, Mrs. Dorothy Snyder, Mrs. Patsy Crouse, Stewart N. Long, Robert Yingling, Charles E. Rabenstein and Robert B. DeGroot, directed by L. Robert Snyder with Herbert J. Sell as piano accompanist.

Past President John D. Basehor installed the newly-elected officers as follows: President, re-elected, Marvin F. Breighner; first vice president, Theron J. Basehor; second vice president, George E. Hornberger; secretary, Mrs. Harry Weisel; and treasurer, Mrs. James H. Spalding. The installing officer also spoke briefly noting that there seems to be a mistaken idea that PTA is an organization for grade school parents only. He urged parents of all pupils in the jointure to become members as the success of the organization depends on its membership.

The meeting opened with the pledge of allegiance and invocation by the Rev. Glenn Fitchbaugh, pastor of Redeemer's United Church of Christ. Reports were heard from retiring secretary, Mrs. C. Aaron Rohrbach, and retiring treasurer, Mrs. George Schaefer.

Award To 1st Grade
The president appointed the following auditing committee: Ray T. Harner, Franklin Koontz, Mrs. Kenneth Hartsock and Mrs. Clarence O. Bankert. He announced that the next county council meeting will be a banquet session on May 15 at 6:30 p.m., at the Hampton fire hall; that the spring conference will be held in Danville on May 2 and anyone desiring to attend either of these affairs should contact the secretary, Mrs. Weisel.

President Breighner also announced that the Woman's Community Club is sponsoring a fashion show tonight in the high school auditorium for the benefit of the high school band uniform

ASKS BIGGER STATE GRANTS FOR SCHOOLS

CARLISLE, Pa. (AP)—A Delaware County educator has called for a boost in state school subsidies to prevent local districts from being forced to levy excessive local levies for education.

G. Baker Thompson, superintendent of schools in Delaware County, said state demands for increased school functions without comparable increases in state aid was putting heavy pressure on communities to impose extra school taxes.

There is a bill in the House of Representatives that would increase state subsidies to school districts. It has been held in committee.

Thompson addressed a meeting Tuesday night of the South Penn State Council. The organization is made up of school officials from 11 districts in the south-central counties.

H. Edgar Riegle, Gettysburg superintendent of schools, and a group of local school directors attended the Carlisle meeting.

borough limits, it is being constructed by six school districts in the Lower Adams jointure and will accommodate students from these districts.

Talks Preliminary

"These discussions and those on the total project cost, the bond issue, estimated number of customers and possible revenue will be 'preliminary,'" an authority spokesman said, but they will give an indication what the customers of the system will have to pay.

The project to be undertaken includes a borough-wide sewage collection system and a disposal plant. The present drainage company system merely conducts sewage from a small part of the borough and dumps it, virtually untreated, into a stream. Objection to this practice has been raised by the Department of Health and this is one of the reasons for undertaking the project. Sentiment in the borough favors the borough-wide system, an authority spokesman said.

The water system improvement will include the replacing of several mains by larger mains and making other changes to improve the pressure and supply.

Meeting The Costs

Money for the two-way project will come from an authority bond issue. To insure the repayment of the bonds, it will be necessary to establish rates for water and sewer service that will provide sufficient money to maintain the system and pay interest on the bonds as well as to eventually pay off the loan principal.

Sewer connection charges and sewer rental are in prospect for borough residents. How much these will be will depend on the amount of bond issue required and the period of time in which it will be paid, as well as operating costs.

Front foot assessments for sewer lines, used in some communities as a means of getting a start toward paying for the system, are considered as "most unlikely" for New Oxford, an authority spokesman said.

Authority Organized

The municipal authority was organized by the borough council and its membership includes the following: Charles E. Alwine, chairman; Charles E. Slaybaugh, vice chairman; D. E. Winebrenner III, secretary; James K. Stock, treasurer and assistant secretary, and Fred G. Klunk, assistant treasurer.

Authority members receive no salary or other compensation.

The authority bylaws list the fire engine house as the principal office and the second Thursday of each month at 7:30 p.m. as its regular meeting time. The annual meeting is set as the second Thursday of April.

The authority organized formally January 22.

Formal Appointments

The authority has formally appointed the following: Solicitor, Charles W. Wolf; bond counsel, Saul, Ewing, Remick and Saul, Philadelphia; fiscal agent, Eastman Dillon-Union Securities Corp., Philadelphia; bond trustee, Gettysburg National Bank, and engineers, Tracey Engineers, Inc., Harrisburg.

Thursday night various other reports are scheduled, including the report of the engineer on the house count, estimated cost of operation, cost of maintenance and repair and recommended sewer rates and connection charges.

Bond counsel, whose responsibility it is to certify to virtually every aspect of the bond issue, is expected to furnish an estimate of annual administration expenses and auditors' and bond trustees' charges.

justable height hospital bed for use by anyone in the community having need for it. No charge will be made for use of the bed. Arrangements for using the bed may be made by contacting the post commander, Robert Wantz.

Opposes Force On Unruly Students

ALBANY, N.Y. (AP)—Gov. Nelson A. Rockefeller, who says he has spanked his own children on occasion, today vetoed a bill, which would have freed school-teachers to use force on unruly pupils.

The measure would have taken the decision on use of corporal punishment away from school boards and given it to individual teachers.

State penal law now authorizes teachers to use "reasonable force" to restrain or correct a pupil. But school boards may bar teachers from doing so.

Today's Talk

TO BE AN AMERICAN
There is no honor so great as that to have been born an American. Said Daniel Webster: "I was born an American; I will live as an American; I shall die as an American; and I intend to perform the duties incumbent upon me in that character to the end of my career."

Americans, and all lovers of freedom, can look upon the new American flag as the most inspiring symbol in the world. To be an American is to love freedom and liberty, and to defend them against all evil assaults from far or near. America is a free land that welcomes the oppressed and enslaved, no matter from what direction they may come. This great country was founded in freedom. It has been built by free men and patriots.

Said Alexander Hamilton: "The sacred rights of mankind are not to be rummaged for among old parchments or musty records. They are written, as with a sunbeam, in the whole volume of human nature, by the hand of the Divinity itself, and can never be erased or obscured by mortal power."

How great and precious is each one of the 50 stars which will soon shine in this free world! With pride we salute each fold of stripes and each star in this American flag! Long may it wave and send its message of freedom around the world, and may its message be one of peace and good will forever! To be an American citizen is both a privilege and an opportunity—a privilege to live in a free land, and an opportunity to render service and to live in happiness, as in no other land.

The love of this American flag lives in us all, having acquired it at birth; but it welcomes all lovers of freedom to its unfurling, no matter where they may be at such a time. The country that it represents lives within us.

Tomorrow Mr. Adams will talk on the subject: "Seekers and Finders"

Just Folks

THE COMERS
I believe in speaking kindly unto everyone I meet.
I believe in cheering winners.
'Cause it make their vict'ries sweet.
But I keep my loudest praises for the youngster at his post.
Who is trying hard to conquer;
He's the chap who needs 'em most.

I believe in giving credit to the chap who is on top.
And I boost the man who's done things;
But I much prefer to stop by the wayside where a youngster is engaged in conflict grim,
Just to boost the work he's doing,
For it means so much to him.

You may spend your cheers on winners,
Laud the victors if you will,
But I'll cheer the manly youngsters.
Who are struggling up the hill.
I'm for those upon the up-grade,
Not for those who now may coast;
For the boys who still are trying
Need our cheerful words the most.

NIXON'S GROUP ON INFLATION GETS STARTED

By JACK BELL
WASHINGTON (AP)—A Cabinet committee headed by Vice President Richard M. Nixon has charted an anti-inflation program in which rising wages would be linked with increased economic production.

In its first major decision since it organized a month ago, President Eisenhower's Committee on Price Stability has decided to launch a campaign directed at curbing inflation.

Reporting this unanimous decision, Executive Director Allen Wallis emphasized in an interview that the Nixon group has rejected the theory that the way to curb inflation is to prevent all wage increases.

Wages Should Go Up
"There has been too much of the atmosphere that the way to keep prices stable is merely to keep wages down," Wallis said.

"Wage increases have given us our present high standard of living and they are not necessarily inflationary. Wages should continue to go up as productivity goes up," Wallis, a Chicago economist, said the committee believes that, in addition to combating inflation, there are compelling international reasons to encourage economic growth at home.

To Attack Inflation
Nixon has made it clear he personally believes wage rises should be tied to increases in productivity. He contends that when pay boosts are not accompanied by production they are inflationary.

Wallis said the Nixon committee has been meeting frequently and expects soon to announce plans for a sustained attack on inflation.

Besides the vice president, members are Secretary of the Treasury Robert B. Anderson, Postmaster General Arthur E. Summerfield, Secretary of Agriculture Ezra Taft Benson, Secretary of Commerce Lewis L. Strauss, Secretary of Labor James P. Mitchell and Chairman Raymond J. Saulnier of the Council of Economic Advisers.

NUCLEAR BAN

DECISION UP TO NIKITA

By MARVIN L. ARROWSMITH
AUGUSTA, Ga. (AP)—President Eisenhower has put directly up to Soviet Premier Nikita Khrushchev a proposal to ban nuclear weapons tests which dangerously pollute the atmosphere.

British Prime Minister Macmillan made a similar suggestion in a separate letter to Khrushchev. London sources said today Macmillan told Khrushchev that Britain would favor a broader prohibition but in the alternative would support an agreement to ban low altitude tests.

A first-stage agreement to outlaw tests below 30 miles in the atmosphere, Eisenhower wrote Khrushchev, could ease the deadlock among negotiators now seeking a way to halt all weapons testing.

Details of the President's appeal to the Kremlin leader were made public as Eisenhower arranged to end a two-week vacation at the Augusta National Golf Club and fly back to Washington. He scheduled his departure aboard the plane Columbine III for mid afternoon.

No Reply Yet
Presidential press secretary James C. Hagerty said Khrushchev had not replied to the Eisenhower letter. It was made public Monday night only after a Soviet official had talked about it, apparently by accident, in Geneva where East-West talks have been blocked since October.

The letter was sent to Khrushchev on April 13—the same day U.S. negotiators outlined the new U.S. proposal in Geneva. Eisenhower said in effect that a partial agreement would be better than none, and "these negotiations must not be permitted completely to fail."

He said a simplified control system to detect any test explosions in the atmosphere could easily be developed from expert recommendations already at hand.

FIND BODIES OF MOTHER, BABY

LOCKPORT, N.Y. (AP)—A coroner has issued verdicts of homicide in the deaths of a mother and her 3-year-old son, whose bodies were found five miles apart in a creek and in a canal.

Dr. George H. Muscato said Monday night that Claudia Kosko, 33, died of a neck injury and her son, Gary, of a brain hemorrhage on April 11.

The woman's husband, Nick, a 35-year-old factory worker, said his wife and son left their home in nearby North Tonawanda in the family car Jan. 1 after a quarrel.

Kosko did not report their disappearance until March 23. He said he delayed notifying police because his wife had left home four times before, but each time had returned.

The coroner said examination of the bodies had shown no water in their lungs.

Sheriff James K. Murphy previously had said everything indicated the two were killed and hurled into the creek.

PRESSING FOR REGULATION OF BILLBOARDS

HARRISBURG (AP)—An Allegheny County Republican is pressing the House Highways Committee to free a bill that would regulate the placement of billboards along federal interstate highways in Pennsylvania.

Rep. Maurice H. Goldstein, in a floor speech Monday night, asked Rep. Harry R. J. Comer (D-Phila.), committee chairman, to explain what has kept the bill in committee since March 2.

Comer replied that changes were being discussed to modify the requirements that no billboards be erected within 660 feet of an interstate highway. The chairman said there would be difficulty in enforcing such a provision in urban areas.

Goldstein then quoted a federal law that such areas could be exempt from the provision.

He later told newsmen he would give the committee an opportunity to study the federal law before taking further action, possibly by next week. Earlier, Goldstein had indicated he would introduce a motion to force the legislation out of committee.

The bill has Gov. Lawrence's backing. The federal government has offered to boost roadbuilding subsidies by one half per cent to states which regulate billboard placement along interstate highways. The federal government now pays 90 per cent and the state 10 per cent of interstate construction costs.

Argument Over TV Leads To Murder

WEST PLAINS, Mo. (AP)—An argument over how loud a television set should play led to a 25-year prison term for Malcolm Holland, 50.

Holland, of Pomona, Mo., was sentenced Monday after pleading guilty to second degree murder. Officers said an argument over the TV sound volume developed at the home of Floyd T. Brownfield, 47, at Pomona Feb. 18 while Holland was visiting there after a hunting trip.

Holland started to leave the house. At the door he picked up his rifle, turned and shot Brownfield in the head eight times.

Jacoby Paces Biglerville To Win Over GHS, Carlisle In Triangular Track Meet

Biglerville High School's track team definitely stamped itself as ready for South Penn Conference competition Tuesday afternoon when the host Cannons defeated Carlisle and Gettysburg in a triangular meet.

Coach Don Sterner's outfit piled up 65 points, Carlisle was second with 51 and Gettysburg trailed with 32.

Biglerville snared seven first places, Carlisle four and Gettysburg three.

Gettysburg High was greatly handicapped due to the absence of Tommy Crist, dash man, who was out of action due to a ruptured leg muscle.

Kermit Jacoby was a triple winner for Biglerville. He set a new school record in the broad jump with a leap of 20-2, eclipsing his former mark of 19-10 1/2. He also won the 130 low hurdles and 220 dash.

Pete Byerly, 15-year-old freshman, turned in another fine performance in the mile for Biglerville, winning in 4:46.

Gettysburg will host Hanover and Steel High here Friday afternoon at 3:30 in its first home engagement of the season.

Biglerville is idle until next Wednesday when it clashes with Waynesboro on the Cannons' field.

Northwestern announced Tuesday night it will vote against the Rose Bowl at the Big Ten meetings next month. This apparently would create a 5-5 stalemate. At least a 6 majority is needed for Western Conference participation.

Northwestern's decision brought a new twist to the Rose Bowl story. Last week it was speculated Northwestern would vote for the game.

Last month at a meeting in Madison, Wis., the conference took a straw vote and received a 5-4 decision in favor of continuance, with Northwestern abstaining.

DETROIT FANS ARE FED UP WITH LOSSES

Associated Press Sports Writer

DETROIT (AP) — The Detroit Tigers have had their warning— their fans are fed up.

Seven losses in eight games are costing the owners money and will cost them much more unless the club can pull out fast from the early tailspin.

There were 12,935 spectators on hand Tuesday night as Cleveland walloped Detroit 14-1. Many of them booed manager Bill Norman and starting pitcher Paul Foytack when the Indians routed the Tiger right-hander in the first inning.

Boo Martin Too

Norman got the treatment in the seventh when he replaced George Susce, and again in the ninth when the Indians routed Hank Aguirre.

When the public address man announced that the brand new Tiger yearbooks are on sale, the hooting of the fans practically drowned out his voice.

The crowd booed ex-Tiger Billy Martin, too, but the fiery little second baseman had the last laugh. One spectator near the Cleveland dugout shouted to Martin "You're lousy, Martin. You're not hitting."

Martin replied: "It's a good thing I'm not. It's embarrassing enough with all these other guys hitting."

This was a belligerent crowd and the attendance — which dropped more than 173,000 last season — is apt to show an even sharper decline.

The Tigers' faltering starts are fast becoming a baseball legend. Only one first division finish in eight seasons has the fans moaning and there is evidence they are going to be a lot slower with the dollar at the box office unless the Tigers do something except say "Wait 'til next year."

ROOKIE, VET HELP DODGERS TO 2ND PLACE

By ED WILKS

Associated Press Sports Writer

Don Demeter, a kid who has been a long time coming, and Art Fowler, an old guy trying to come back, have the long lost Los Angeles Dodgers sittin' pretty in the National League.

Demeter, at 23 a lean and lanky outfielder who was signed as a favor to two other kids, ripped his third two-run homer of the game in the 11th inning Tuesday night at the Coliseum for a 9-7 victory over the San Francisco Giants.

Fowler, at 36 returning to the majors after being cut loose by the Reds two years ago, collected his second relief victory with the blast.

That gave the Dodgers a four-game winning streak, and kept them in second place, within .133 percentage points of first place Milwaukee.

Braves Beat Redlegs

The Braves stayed on top by whipping Cincinnati 7-4 as Warren Spahn won his second. Glen Hobbie of the Chicago Cubs defeated St. Louis 1-0 with a one-hitter after 6 2-3 innings of perfect pitching in the only other game scheduled in the NL.

In the American League, Cleveland took a two-game lead by ripping Detroit 14-1. New York gained second place, walloping Washington 11-4, as Kansas City dropped the Chicago White Sox into a third place tie 8-3. Baltimore tied for third by beating Boston 5-2.

Promise Of Power

Demeter, signed in '53 because the Dodgers were interested in two of his Oklahoma City high school buddies who insisted he be signed, too, has shown promise of power but hasn't been much of a percentage hitter (1.89 last year). Now, after a build-up diet of vitamins and cod liver oil, Demeter leads the majors with six home runs, shares the RBI lead at 14 with the Giants' Orlando Cepeda and Baltimore's Gus Triandos, and is second among NL hitters with a .412 average (14-for-34).

All the Dodger runs came on homers. Don Zimmer's first of the season was a two-on shot in a five-run third that got rolling on Demeter's inside-the-park homer.

Felipe Alou and Jackie Brandt homered for the Giants, who tied it 7-all with four runs in the fifth. Demeter's payoff homer came off reliever Al Worthington (1-1), who allowed only two hits in his 4 1-3 innings as the fourth Giant pitcher.

Dumped By Reds

Fowler, dumped by Cincinnati in 1957, relieved starter Stan Williams in the San Francisco fifth. He gave up two hits and the tying run, then blanked San Francisco the rest of the way. The stubby right-hander has worked 18 1/2 relief innings in five games for the Dodgers. His strikeout total of 18 is second only to teammate Don Drysdale's 25.

Bermudian and Fairfield remain in a tie for first place in the Adams County Scholastic Baseball League as a result of turning in victories Tuesday.

Bermudian downed Biglerville 6-2 while Fairfield came from behind to nip New Oxford.

Fairfield secured but two hits but profited from four New Oxford miscues. The Colonials led 3-0 going into the last of the sixth inning when Fairfield rallied to tie the score. Joe Harbaugh singled, Joe McCauslin walked, John Mort sacrificed and then two successive errors allowed the runs.

With none out in the last of the seventh Fairfield scored the winning run. Dean Snively walked and went to second base on an error. He moved to third base on John Sprankle's grounder and raced home on an error.

Big Winner In '58

McLish finally became a big winner last year with the Indians, who rescued him from the minors in '56. Last season McLish led the Tribe with a 16-8 record, and beat the Tigers three out of four.

Tuesday night he made it five out of six. It was his second complete game victory in two starts this season—both against Detroit.

NAVY, KENTON AND GOODMAN BANDS TO PLAY

Three notable musical organizations have been booked for performances at Hershey in the near future.

Friday night for the first time in recent years jazz music lovers of the area will be able to listen to and see an all-star jazz concert when Benny Goodman and his orchestra appear at the Hershey Sports Arena.

With the King of Swing will be Ahmad Jamal, one of today's top jazz pianists, and Dakota Station, outstanding jazz singer and one of the fastest rising female vocalists of 1959.

The famed Goodman trio, quartet, quintet and sextet—the forerunners of today's jazz combos—will present the intimate, subtle Goodman "Chamber Music Jazz."

Stan Kenton Coming
Hershey Park's Starlight Ballroom will open May 9 with Stan Kenton and his orchestra, the first of the nation's top bands which are scheduled for Saturday night appearances at the park ballroom.

For five consecutive years, Kenton has been the winner of Down Beat Magazine's popularity poll as leader of the number one orchestra in the U. S.

On Sunday, May 10, the U. S. Navy Band will play free concerts in the Hershey bandshell. The 55-piece musical aggregation plays from one of the largest band music libraries in the world and can, at a moment's notice, furnish a great symphony orchestra, a lively, feet-ticking dance band, or a string ensemble.

Navy Band Has Growth
The band has a history dating back to 1838 when it consisted of a bandmaster and five musicians. About the time of World War I the demand of civilians and servicemen for music was recognized and the government responded. The Navy band expanded to 21 pieces and got official recognition and permanent status.

In the fall of 1925, the band left Washington on the first of its annual tours, authorized by act of Congress and approved by the President. In subsequent years, the Navy Band has performed throughout the U. S. and has played for audiences in Canada, Puerto Rico, Panama, Cuba, Jamaica, Haiti and the Virgin Islands.

DEMOCRATIC '60 WIN SEEN BY SYMINGTON

PHILADELPHIA (AP) — Sen. Stuart Symington (D - Mo) said Tuesday night that "in 1960, the people will vote out the apostles of indifference, delay and retrenchment and vote in a Democratic president."

Speaking at a Jefferson - Jackson Day dinner opening the Democrats' primary election campaign in Pennsylvania, Symington said the Eisenhower administration has been approaching the problem of the recession in the wrong direction.

"We have been trying to contract the economy. We ought to be expanding it," he said.

Symington said he would be receptive to a bid for the 1960 Democratic presidential nomination.

"Judging by some of the pronouncements issuing from Washington," he went on, "we have been teetering on the edge of economic collapse . . . no one can look realistically at the state of the American economy and come away with any impression that we are bankrupt or nearly so."

"The issue is not solvency or waste, spending or saving. The issue is how our vast national energies will be divided and what priorities will be assigned to which tasks."

"Selective Sickness" Symington said there are symptoms in the economy, "not of overall weakness, but of selective sickness here and there."

What is needed to bolster the economy, he said, is federal assistance to improve the educational system and to speed urban redevelopment.

The 58-year-old senator and former Air Force secretary had high praise for Gov. David L. Lawrence of Pennsylvania, another speaker. The state and this city, both of which have Democratic administrations, have been responsive to the needs of the people, he said, and the people are therefore responsive to the Democratic Party.

Praise From Clark Sen. Joseph S. Clark (D - Pa) praised Symington as one of the party's outstanding leaders whose "knowledge of and fight for the nation's security is vitally needed in these critical times."

Lawrence, who also praised the senator, avoided any reference to the party's position in Pennsylvania on support of a presidential nominee.

He placed Symington in the same class with Democratic Sens. John Kennedy (Mass) Hubert Humphrey (Minn) Lyndon Johnson (Tex) J. William Fulbright, (Ark) and Clark. He said they are outstanding examples of the party's top men in Washington.

Other speakers were Mayor Richardson Dilworth, who is seeking a second term this year, Lackawanna County Common Pleas Judge Michael J. Eagen, seeking a 21-year term on the State Supreme Court, and Rep. William J. Green, Philadelphia party chairman.

OK SALE PLAN HARRISBURG (AP) — A proposal to authorize the sale of some 19 acres of state-owned land in Mahoning Twp. and Danville in Montour County was approved by a House committee Tuesday.

The state acquired the land in 1910. It is located on the north side of U. S. 11.

HARRISBURG (AP) — The House State Government Committee Tuesday approved proposed repeal of the authority given the state in 1956 to sell a 24,200-square-foot tract in West Goshen Twp., Chester County.

Governor David L. Lawrence signs the proclamation designating Friday, May 1, Loyalty Day in Pennsylvania. Looking on are, left to right, Judge John G. Brosky, Pittsburgh, chairman, Loyalty Day and Americanism Committee, Department of Pennsylvania, VFW, and John C. Cavender, M.D., Hop Bottom, commander, Department of Pennsylvania, VFW.

The proclamation was signed in accordance with a law which states that the governor shall declare each May 1 Loyalty Day. Started by the VFW posts in Pittsburgh and Philadelphia, the day will be celebrated by all Pennsylvania VFW posts, county councils and districts.

Loyalty Day originated as a counter-demonstration to the annual May Day mass meetings of Communists. The idea of a positive answer by loyal Americans caught on, grew and spread until now it is observed on a nationwide basis.

PANAMA OUSTS MARGOT ARIAS

PANAMA (AP) — Panama's government ordered a quick exit today for British ballerina Margot Fonteyn after holding her for 24 hours in a comfortable jail cell while police sought her Panamanian husband on revolutionary charges.

Informants said President Ernesto de la Guardia's government dedicated it would be more convenient to expel the famous dancer from the country and ordered her shipped off by plane early today.

Interested In Husband

Dame Margot was released from jail Tuesday night after three hours of questioning about the activities of her husband, Roberto Arias, former ambassador to Britain.

The 39-year-old ballerina denied knowing anything about anti-government activities officials say Arias carried on during yachting trips the couple took last week off Panama's Pacific Coast.

Arias was a fugitive. The National Guard was believed hunting him around Santa Clara, 75 miles west of the capital, where officials claimed he brought a 10-man armed band ashore Sunday night.

DON BLACK, 40, HURLER, DIES

AKRON, Ohio (AP) — Death has come to Don Black, the baseball pitcher who made more than one uphill fight in his comparatively short life. He was 40.

He was watching his old team, the Cleveland Indians, on television Tuesday night when he collapsed. Taken to St. Thomas Hospital, he was pronounced dead.

Black was a right-hander who came up from the minors to the Philadelphia Athletics. In three years, his activities off the field had resulted in a waiver deal at the end of the 1945 season, and he became Cleveland property.

He made a big comeback in 1947, when Bill Veeck took charge of the club. Called back from the minors, he won 10 games and pitched a no-hitter against the Athletics, on July 10 of that year. It was publicly acknowledged that Alcoholics Anonymous helped his comeback.

Last summer he was a teacher for the city recreation department, but recently he had become ill and was on county relief.

YORK SENATOR SPEAKS UP FOR O. D. SHIPLEY

HARRISBURG (AP) — A York County lawmaker says there were unwarranted implications about O. D. Shipley, highways safety director, during a Senate discussion on the possible use of radar.

Sen. Harry E. Seyler (D-York) told the Senate Tuesday that "the name of Mr. Shipley has been left under a cloud which it doesn't deserve to remain under."

Seyler referred to a statement by Sen. George N. Wade (R-Cumberland), highways committee chairman, about Shipley's former employment with a firm which sold radar.

Has Done 'Good Job'

"Mr. Shipley at no time was with any firm which deals in radar while he was director of safety," Seyler said. He said he wanted to state for the record that Shipley resigned from the firm before assuming his position with the state.

Seyler said part of the discussion also implies that "some of the Senators are not happy with activities of Mr. Shipley."

He said this may be true but he feels Shipley "has done a good job."

Tour Suggested

During the discussion Monday, Sen. William Vincent Mullin (D-Phila) suggested that Shipley take a tour of the other 48 states to collect information about radar and he said that Shipley should take his time.

Wade immediately countered with a tongue-in-cheek proposal that Shipley spend a year in each state on the tour.

"I was one of those who wished Mr. Shipley would take a vacation," Mullin told Seyler, "and I don't think I'm alone."

Errs For Safety

"He is ruthless and he is without regard to the consequences of his acts," the Philadelphia senator said.

Charles R. Weiner (Phil.), Democratic floor leader, said he felt most of the remarks about Shipley were based on personal experiences.

"Maybe he is a little bit flexible," Weiner said, "but I think that if he errs, he errs on the side of trying to make things safe in this Commonwealth."

APPROVE LAND SALE

HARRISBURG (AP) — The House Tuesday authorized sale of 55½ acres of state-owned land in Madison Twp., Perry County.

The vote was 194-0. The measure goes to the Senate for further action.

The land is in two parcels: a 50½-acre tract deeded to the state in 1931 by the Milligan family and a 5.1-acre tract deeded by Mr. and Mrs. William Trostle the same year.

JUROR ABSENT

MISSOULA, Mont. (AP) — The name of Charlotte E. Bryant of Missoula was drawn Tuesday for a jury to hear a traffic manslaughter case.

She won't be there. Larry D. Blakney was charged with manslaughter after Mrs. Bryant's death in an accident June 15, 1958.

Communism Real Threat To Arab East; West Be Forced To Render Help

By WILLIAM L. RYAN
Associated Press News Analyst

The West soon may be obliged to accept as a melancholy fact the descent of an iron curtain around the Arab state of Iraq. What to do now?

The answer may be in oil. But there's not much time.

Communism already is a real menace in the Arab East, whose oil and geography are of vast importance to Western economies and defenses. The only sensible approach which seems to suggest itself to the West now, after years of fairly senseless blundering in the area, is to get behind the Arab economies and build them to a point where they will be strong enough to prevent a repetition of what happened in Baghdad.

"Revise Thinking"

Arab leaders seem ready for the West to make an intelligent move in this direction. This becomes more apparent each day from the reports of the important Arab League oil congress currently meeting in Cairo.

Unhappily watching Iraq, other Arab leaders seem to be revising their thinking. Perhaps it would be wise for Western policy makers to revise some of their own thinking.

A new wariness has crept into Arab leaders' attitudes with respect to their relations with the West. This was indicated at the oil congress. One instance of it was the cool reception Arab leaders gave a proposition from Saudi Arabia that Arabs should declare their unhindered right to modify oil concession agreements at will.

Serious Arab Problem

A year ago this notion would have stirred enthusiasm among Arabs. Now it is being cold-shouldered. The Arab leadership does not appear willing to worsen its business relations with the West at this critical moment. It is in danger enough already from the Communist threat.

Another indication is the reception being given to the proposal

of Emile Bustani, the Lebanese industrialist, for an all-Arab effort to lift the area out of its morass of backwardness by common effort. Bustani advanced this proposal more than two years ago. Not much attention was paid to it, possibly because Bustani believes in cooperation with the West.

Inter-Arab Bank

Now the Arab oil congress takes the proposal quite seriously. Bustani envisions an inter-Arab bank for development, using a certain percentage of the oil states' huge revenues to raise standards in both have and have-not nations.

Egypt's controlled press now welcomes the idea. One newspaper which speaks for Gamal Abdel Nasser hails the proposal as offering great opportunities for "bolstering relations between the oil producing states and the foreign states which import oil." This is an important statement.

It is possible for the West to get behind the plan with a show of enthusiasm. But before it tries to cooperate effectively with the Arabs, it may take account of the awkward and uncomfortable positions of the Arab leaders and show some patience.

"Out On Limb"

Nasser and the Pan-Arab nationalists are out on a limb. They are committed to the notion that Western imperialism has been responsible for all Arab woes. It will be difficult for these leaders now to commit themselves openly to cooperation with Britain and France in a scheme to raise Arab standards.

But the United States could take the lead. Perhaps there are political obstacles, but for Western policy there is only one answer to Arab turmoil: an attempt to ease it by encouraging some measure

WANTS SURVEY OF RADAR USE ACROSS U. S.

HARRISBURG (AP) — A Philadelphia Democratic Senator says the solution to the controversy on speeding radar legislation is to send O. D. Shipley, highways safety director, on a tour.

The tour, proposed Monday night by Sen. William Vincent Mullin, would send Shipley to every one of the other states in the nation for a first-hand investigation of the success—or lack of success—in the use of radar to prevent speeding.

But his idea drew a tongue-in-cheek reply from Sen. George N. Wade (R - Cumberland), a foremost opponent of radar who long has been at odds with Shipley on the issue.

"Spend Year Per State"

He said Shipley should leave Pennsylvania and spend a year in each of the other 48 states for the study.

The Senate is studying legislation to legalize the use of radar in prosecuting speeding arrests.

Wade made a long speech on the proposed use of radar to police the Commonwealth's highways.

Radar "has not been generally accepted by fair-minded enforcement officers," Wade said.

Backed By 3 Groups

"Radar is advocated by three groups of people. First, those who are uninformed regarding its difficult use and different ramifications as well as unsatisfactory results."

"Second, those who will personally benefit by adopting radar, and this class, I sincerely hope, will indeed not be large."

"The third class are those who might wish to take some unfair advantage or to 'sneak-up on their victims.'"

maker also listed a number of "areas of doubt" about the efficiency of radar such as variations in readings, needs for inspection and operator training.

Wade described Shipley as "a strong advocate for enacting this bill to create radar speed traps."

However, he said Shipley has been asked for information on other states' experiences with radar. There has been no reply, he added.

Sen. Joseph M. Barr, Democratic state chairman, noted that both Republicans and Democrats endorsed radar in their platforms for the state elections last fall.

"I think if people are going to be able to believe either party, it's about time we keep our promises," said Barr.

BRITON BACKS IKE ON BAN OF NUCLEAR TESTS

LONDON (AP) — British Prime Minister Harold Macmillan has written Soviet Premier Nikita Khrushchev supporting President Eisenhower's proposal of a ban on nuclear weapon tests below an altitude of 30 miles.

Sources close to the British government said Macmillan told Khrushchev Britain would prefer a more comprehensive test ban. But he said if that is impossible, it will back limited agreement of the type proposed by America and Britain last week at the Geneva conference on a nuclear test ban.

The Soviets took a negative attitude initially toward the Western proposal, terming it a deviation from the agreed purpose of the conference. But Western delegates at Geneva believe that Moscow's final word on the proposal is still to be heard.

The new Western proposal would exempt explosions deep below the earth's surface or high in the atmosphere from the initial ban. The Western delegations contend that dangerous radioactive fallout does not result from such explosions and that explosions in the atmosphere below 30 miles can be easily detected.

Eisenhower's letter was sent to Khrushchev April 13 and was made public Monday. The President said the United States, Britain and the Soviet Union should agree on a limited test ban rather than have the Geneva negotiations fail completely.

Would Exempt Low Cost Meals

HARRISBURG (AP) — Meals costing less than 50 cents again would be exempt from the state sales tax under an amendment proposed by two Republican Senators.

The exemption was lowered to 11 cents last week in a law which raised the sales tax from 3 to 3½ per cent.

The bill to restore the 50-cent minimum was introduced Monday by Sens. John T. Van Sant (Lehigh) and Charles R. Mallory (Blair).

A similar measure also entered the House.

POLICE CHIEF ORDERED TO TAKE TIME OFF

SEAL BEACH, Calif. (AP)—It took an order from the City Council to make him do it, but after 26 years Lee Howard finally is going to take a vacation.

And what a vacation—16 months with pay.

How is he going to spend it—seeing the world, hunting, fishing? Not a chance. He'll be right here.

Duties Grew

Howard has been police chief in this seaside resort, a few miles down the coast from Los Angeles, since 1932. He has been on the job or on call 24 hours of every day, without even time off for sickness.

At first it was a small force and Howard figured his men had priority on any off-time available. Then the town began to grow, and so did his duties.

Because of a lack of city funds, the police chief found himself issuing business licenses, running the life guards and overseeing the parking lots that accommodate

and C. Beck, Reading; Daniel L. Brode, Saxton; Pete Buchan, Labrobe; Lester L. Coslic, Somerset; James W. Culver, Shickshinny; William A. Digilio, Nesquehoning; Thomas J. Halada, Palmerton; George Mikitka, Wilkes - Barre; Joseph G. Perechinsky, Jessup; Richard M. Picio, Washington; James A. Render, Pittsburgh; David L. Rufe, Gouldsboro; John E. Rupert, Wilburton, and Ronald L. Weaver, Windber.

To Troop A, Philadelphia — James H. Melber, Jim Thorpe, and Joseph P. Olsovsky, Summit Hill.

To Troop C, Reading—Frank D. Elko, Kingston; Eugene R. Garron and Martin D. Karsko, both of Avoca.

To Troop D, Bethlehem—Charles H. Beynon, Clarks Summit.

REAL ROBBER FREES COPY BOY IN BANK THEFT

NORFOLK, Va. (AP) — Young Daniel W. Dough Jr. no longer faces the prospect of a jail term for attempted bank robbery because the real would-be robber turned out to have a heart.

James Edward Anderson, 20, an ex-Navy man who is almost a double for Dough, came to the FBI Monday and admitted it was he—not Dough—who tried to rob the Bank of Virginia here last Friday.

Anderson said his conscience had pestered him ever since Dough, 19, a newspaper copy boy, was arrested and charged with attempted robbery.

Held In Jail

Police promptly exonerated Dough and held Anderson in jail in default of \$2,000 bond.

"I'm glad the guy had a conscience," said Dough.

By rare coincidence, both had been to the Bank of Virginia the morning of the robbery attempt.

The would-be robber had handed Mrs. Eileen Thomas, a teller, a note demanding money. Mrs. Thomas, thinking it was a joke, laughed and the would-be robber fled.

Admits Mistake

Dough was picked up shortly afterward and identified by Mrs. Thomas.

Monday the teller said she was mistaken. She and two other bank employees identified Anderson.

Dough had been to Mrs. Thomas' window at the bank to cash his paycheck only 20 minutes before the attempted robbery.

The FBI said Anderson was discharged from the Navy six weeks ago. His home is in Niagara Falls, N.Y.

LEHIGH AREA STRIKE ENDS

ALLENTOWN, Pa. (AP)—Striking employees returned to work in 83 blousemaking shops in the Allentown - Easton - Bethlehem area Monday following ratification of a two year contract.

About 5,000 members of the International Ladies Garment Workers Union were involved in the three-week walkout. Representatives of the ILGWU and the Slate Belt Apparel Contractors Assn. signed the contract in New York late Saturday.

Management held out for a separate contract with the Union's

the summer swell of tourists.

But, busy as he was, that was not what kept Chief Howard so close to his home all these years.

Real Reason Comes Out

It came out last week when the City Council voted the 64-year-old chief a vacation with pay, beginning May 1 and running until his retirement in the fall of 1960.

"I don't think I'll be leaving town," said Chief Howard. "I've still got my boy to take care of."

Howard's son Edward has been paralyzed and bedridden since he was injured in a high school football game a quarter of a century ago.

That's the big reason Lee and his wife Montie are staying on in Seal Beach. But there's another.

"Peace of mind and comfort are hard to come by," says Howard. "This town has given me both."

Joy E. Metz Times Reporter — Phone 135-R-12

MT. HOPE — A birthday dinner was served at the home of Roy E. Metz Sunday in honor of the anniversary of his daughter, Mrs. Leon Gelwicks, Waynesboro. Present also were Mr. Gelwicks, their daughter, Ginger Rae; Mr. and Mrs. Thomas E. Metz; Miss Bonnie Smith; Mr. and Mrs. George S. Lambert and children, Sammy, Bonnie and Debra Jean; Joy E. Metz and Ronald R. Metz.

Mrs. C. L. Sanders spent the past week with her son and daughter-in-law, Mr. and Mrs. Robert Sanders, and their family, York.

Mr. and Mrs. Luther Metz spent Friday evening visiting Mr. and Mrs. Ray Sanders, Emmitsburg.

Mr. and Mrs. Frank Bell and Frank Daywalt spent Monday in Washington, D. C. On Sunday, Mr. and Mrs. Daywalt visited in Hagerstown and with Mr. and Mrs. Cletus Emery, Pen Mar.

Pfc. Earl W. Adelsberger, Ft. Jackson, S. C., is on furlough at the home of his parents, Mr. and Mrs. Earl Adelsberger Sr., Virginia Mills.

GUELPH, Ont. (AP) — Edward Johnson, 30, world famed opera tenor and for 15 years general manager of the New York Metropolitan Opera, died Monday of coronary thrombosis. Johnson made his opera debut in Italy in 1912 and was one of the most popular tenors in Italy. He appeared throughout Europe and South America before returning to America in 1919. He retired in 1935 and became general manager of the Met. He was born in Guelph.

Northeast Department. In previous years the Pennsylvania shops signed the same master contract drawn up to cover contractors and jobbers in the New York area. But this year the operators refused to go along with the New York contract signed in March.

The salary gains of approximately 7 per cent, however, are the same in both agreements. Under the contract which expires Dec. 31 Pennsylvania blousemakers earned a minimum of \$1.20 an hour.

In addition, under new Pennsylvania contract, disputes will be handled by an arbitrator chosen by both sides from the Lafayette College faculty at nearby Easton.

NIXON WIDELY TRAVELED MAN

WASHINGTON (AP)—If travel will do it, Vice President Richard M. Nixon is going to be one of the best-informed men available for a presidential nomination in 1960.

Nixon's forthcoming trip to Moscow in July will add about 10,000 miles to the 279,647 he already has logged since January 1953, when he took office.

Although Nixon's penchant for getting around in the world falls short of former Secretary of State John Foster Dulles' 560,000 miles of total travel, Nixon has visited more countries—54 to Dulles' 46. Nixon also has been in five U. S. possessions.

To Moscow In July

Nixon's first—and longest—overseas official tour came in his first year as vice president. That 70-day trip in 1953 took him through large areas of the Middle East and Asia.

The July trip to Moscow to open an American fair there will be Nixon's first venture behind the Iron Curtain. He has hit the edges, during visits to Austria and Germany, and in various countries in Asia.

There is no doubt in administration circles that Nixon will get the red carpet treatment in Moscow. He can be expected to confer with Soviet Premier Nikita Khrushchev and lesser officials.

GOVERNOR TO SEEK BACKING FOR HIS TAXES

HARRISBURG (AP)—Gov. Lawrence was reported today ready to seek grass-roots support for the remainder of his 400-million-dollar tax program.

An administration spokesman, who asked not to be identified, said the governor would report to 70 of the top industrial, labor and trade organization leaders in the state on the necessity of the revenue-raising program.

The source said the group would not be told at a session during the day that failure of the Legislature to provide sufficient tax income would mean a slash in appropriations.

Would Feel Cuts

Many of the organizations representing hospitals, schools and welfare groups would be affected by any appropriation reductions.

The governor signed into law last week a 3½ per cent sales tax. It will raise 163 million dollars to ward balancing a proposed \$1,907,000,000 budget for the two-year fiscal period starting June 1.

But that was only part of the battle. An additional 237 million dollars of the governor's tax program remains to be enacted.

Has Committee OK

The House Ways and Means Committee gave approval to the package Tuesday. Rep. Stephen McCann, Democratic floor leader, immediately set next Wednesday for a new tax showdown.

But he emphasized that only those parts of the program would move that would be guaranteed House passage.

"I'm not going to call up any bills that are sure to be defeated," he said.

He would not identify the specific measures, but the package includes extending the sales tax to beer, liquor and automobile dealers, imposing of a six-mill personal property tax, reviving the cent-a-bottle soft drinks tax and increasing the tax load on gas companies and banks.

Needs GOP Help

McCann conceded however that Republican help would be needed on some of the measures. Democrats have a narrow 107-102 voting edge in the House, with 106 votes needed to pass a tax bill.

Other legislative developments: Housing discrimination — Rep. Charles J. Mills (D-Westmoreland) said his Law and Order Committee will open public hearings May 22 on legislation to ban discrimination in the sale of housing.

Water safety — House fisheries

Avert Train And Bulldozer Crash

PHILADELPHIA (AP)—A huge bulldozer, its engine started by some children, lumbered down an embankment Tuesday night and stopped on the tracks of the Reading Company's Norristown branch near the Wissahickon Station.

Police managed to flag down two trains just in time to prevent a crash up. The bulldozer was stopped by William G. Newbold, who lives near the tracks. He ran down the 30-foot embankment and jumped aboard just as the bulldozer reached the tracks.

Newbold told police a dozen young children had been playing near the bulldozer. It was being used at an office building construction job.

Committee Chairman William B. Curwood (D-Luzerne) said a public hearing will be held May 12 on a proposed water safety and boating registration bill.

New Tax Proposed

Inheritance tax — A House bill was introduced proposing the inheritance tax be raised to 4 per cent. Rep. Austin J. Murphy (D-Washington), principal sponsor, said the increase would bring in about 20 million dollars a biennium.

Emergency government—House committee approval was given a series of bills setting up procedures for operating state and local governments in times of emergency.

State police force — The House State Government Committee approved an increase in the state police force from the present 1,900 men to 2,100. The proposal now goes to the floor for further action.

Indoor Inaugurals

Mines probe — The Legislature agreed it should take contempt action against two men who refused to testify before a lawmakers' committee probing a Luzerne County mine disaster — the first such action in more than 200 years.

But the lawmakers agreed to wait a State Supreme Court ruling on the committee's legality before inaugurating its contempt action against Louis Fabrizio, the mine owner and Robert Dougherty former mine company president.

Athletic commission — The Senate passed and sent to the House a bill that would abolish the State Athletic Commission and give the powers to a deputy Commonwealth secretary. Lawrence has said he would veto such a measure.

Indoor inaugurations—The Senate passed and sent to the governor a bill stipulating that inaugurations of future governors must be held indoors at the State Farm Show Arena in Harrisburg.

The Lower Adams Joint School System Tuesday broke ground for its new \$2,035,000 high school building at New Oxford. At the program the invocation was given by the Rev. John Z. Martin, pastor of the United Church of Christ of New Oxford. A song, "God Bless America," led by Miss Kathryn O'Boyle was sung by the high school and elementary students. Following remarks by Clyde O. Garber, president of the joint board, and Charles C. Taylor, supervising principal of the jointure, Mr. Garber turned the first shovel of earth. L. P. Kooker, the architect, presided at the ground breaking ceremony in which the president of the board, C. Warren Baugher; the secretary of the authority, Richard Higinbotham; Philip Alwine, secretary of the board; Selon Dockey, high school principal; Charles Hash of the faculty; and James Yealy, president of the student council, also participated. The "Alma Mater" song by the assemblage and benediction by Rev. Mr. Martin concluded the ceremonies. Thursday night at 8 o'clock the Lower Adams Joint board will meet at the New Oxford Elementary building to convey the real estate for the proposed high school building to the Lower Adams Joint School authority. Shown in the picture surrounding Mr. Garber as he broke ground for the structure are, left to right: Baugher, Contractor A. B. PREDICTING EARLY END TO ROCK 'N' ROLL

By NORMAN BELL

SAN DIEGO, Calif. (AP)—Rock 'n' Roll was being treated like a condemned killer at the biennial convention of the National Federation of Music Clubs today.

It's early end was freely predicted—"and a good thing, too," declared Mrs. Blant Buford of Dallas, Tex., chairman of the group's publicity department.

She and such a noted music authority as Sigmund Spaeth, writer and lecturer, blamed it for killing television's "Hit Parade" program, which they said was ending soon.

On Way Out

Dr. Vera Wardner Dougan of Beloit, Wis., president of the federation, declared: "It was nothing but a beat anyway, and it is just beating itself out."

Their comment followed and supported a report to the convention by Ada Holding Miller of Providence, R.I., chairman of the group's American music section, that Rock 'n' Roll was rocking and rolling itself out of popularity.

Based On Reports

This conclusion was based on reports from member clubs, half of which are composed of young people, and on popular numbers in the organization's February "Parade of American Music." They were largely folk music and musical show hits.

Spaeth said reports from music publishers and recording companies also showed Rock 'n' Roll was coming to an end.

"It was nothing but a jungle beat," he said, speaking of it in the past tense. "Perhaps, it did reflect a spirit of our times, but even the kids are dropping it."

MAN ESCAPES AS CAPTIVE OF FOUR ESCAPEES

BUFFALO, N.Y. (AP)—A man, held captive in his automobile for 20 hours by four escapees from a mental hospital said "They told me they'd kill me if I didn't play along."

Henry J. Landry was forced to drive from his home town, Ashburnham, Mass., north to the Canadian line and then west across New York by four youths he picked up as hitchhikers.

"They had knives out all the time," he said. "Most of the way, pressed into my side."

Jumps From Car

Landry, 52, a furniture designer, jumped from his car when he stopped for gas in suburban Amherst, N.Y., Tuesday.

"I ran right into traffic and across the street and into a man's office," he said. "I shouted 'I'm

Police quickly rounded up the four. They were charged with kidnapping and taking a stolen car across a state line. The four were identified as Carl Kasper, 22, and James Robinson, 24, of Athol, Mass.; Frederick Ahearn, 16, of Chelsea, Mass.; and Roland Cole, 17, of Gardner, Mass.

Authorities at Gardner State Hospital said the four had ganged up on an attendant Sunday, slugged him and escaped.

CONSTITUTION OF STATE USED IN CITATIONS

HARRISBURG (AP)—The Legislature today set out to show that a person can get into just as much trouble by keeping his mouth shut as he can by opening it too much.

To prove their point, lawmakers are banking on a section of the State Constitution which has been unused for many years.

The section merely says that "each house shall have the power to determine the rules of its proceedings and punish its members or other persons for contempt or disorderly conduct . . ."

Plan Contempt Action

With that as a legal foundation, the Legislature planned contempt action against two men who refused to testify before a joint Senate-House committee probing a Luzerne County mine disaster.

Louis Fabrizio, owner of the Knox Coal Co., and Robert Dougherty, former Knox president, declined to testify or submit certain company records to a 10-member legislative committee probing the flooding of a Knox mine near Pittston last January. Twelve men were entombed.

The State Supreme Court today scheduled arguments on an appeal, by Fabrizio against a Dauphin County Court ruling which declared the committee legal.

Court Refused

Fabrizio asked the lower court to issue an injunction against the committee on the grounds it was illegally established. The court refused.

Atty. Gen. Anne X. Alpern said there is no doubt about the power of the Legislature to throw any one in jail who doesn't answer when the lawmakers ask questions.

The attorney general explained the procedure this way:

1. The Senate and House must agree that some person is in contempt of one or both of the chambers.

Procedure Outlined

2. Contempt proceedings are initiated and the person is called before the full membership of one or both houses.

3. The person is asked questions. 4. The witness may refuse to answer questions under constitutional immunity which gives him the right to decline if he feels the reply would tend to incriminate him.

5. If the witness refuses to answer without taking the constitutional immunity he is sent to prison immediately. 6. The witness remains in the prison until such a time as he "purges himself of his contempt."

"We Have Power"

"Make no mistake about it," the attorney general said, "the Legislature has all the power in

Two Escapees Captured; Held Woman Six Hours

SAN QUENTIN, Calif. (AP)—Two small time burglars, who escaped from San Quentin Prison and held a woman hostage at knifepoint for six hours at the end of a fishing pier before surrendering Tuesday, say they were bluffing.

"We really didn't want no hostage, just a car to get away," said Billy Joe Wright, 26.

Auburn-haired Louise Gschwend 54, agreed. "I hope these boys get a break," she declared. "They didn't hurt me. They gave me a break."

At the beginning of the ordeal,

she said, "I was scared. I felt sick and I was faint. When I almost fainted, one of the boys wrapped my coat around me."

Fled Work Parties

The trusty who did that was William D. Werner, 24. Both he and Wright had jail-break records.

They broke away from work parties outside the bleak walls of the huge prison 20 miles north of San Francisco, Wright fleeing from a grass-mowing party and Werner from the prison quarry with guards in hot pursuit.

Failing to find a car, they ran down the half-mile wharf that juts into San Francisco Bay near the prison entrance.

Fishing With Hotelman

Mrs. Gschwend, a beauty operator, was fishing there with Doug Harrison, 62, a hotelman and friend of 35 years. Her husband, Walter, was working as a hotel bellman. All live in San Francisco.

Harrison recalled that "Louise let out a scream and I saw they had a knife at her neck." He added that Wright "told officers 'don't come any closer or I'll kill her' but I think they were just bluffing all the time."

Wright and Werner, with Harrison carrying messages between them and the guards, demanded a speedboat with plenty of gasoline and at another time the keys to Mrs. Gschwend's car and a half hour start.

Promise No Prosecution

With guards blocking the end of the pier and Coast Guardsmen patrolling off the pier by boat and in the air with a helicopter, prison officials refused. The stalemate continued.

Finally the prisoners gave up when Marin County Prosecutor William Weissich promised not to prosecute them for escaping and they were given a chance to tell their grievances to newspapermen.

Warden Fred R. Dickson said the pair would go before a prison disciplinary committee but assured them "no one (of your fellow prisoners) will beat you up and no one is going to lock you in a padded cell."

Future Of Red China Will Be Eyed Thru Its Stooges

By WILLIAM L. RYAN
Associated Press News Analyst

The activities of Red China's rubber-stamp parliament, the National People's Congress, will bear careful watching. The current session may provide important clues to the immediate future of Red Chinese policy.

The parliament is the likely platform from which the Peiping regime will announce changes at its top level. The personalities involved in the changes — which the parliament will endorse unanimously — can be a guide to the outside world in plumbing the mysteries of Peiping policy and politics.

Will Red China now begin to throw her weight around in Africa and the Middle East as well as Asia? Will she apply brakes to the more unrealistic aspects of her economic program? Will she pursue a more fire-at-both-ends policy with respect to the United States?

"Confirm" Candidates

Such questions arise in the light of Mao Tse-tung's decision to give up his government post as chairman — equivalent to the presidency — of Communist China. At 65, Mao will retain his job as Communist party chairman, but it is likely his health has been failing and that he will retire more and more to the background.

A few days ago Peiping radio announced that in the latest full meeting of the Chinese Communist Central Committee, "the candidacies for the leading state posts were confirmed." The implication was that a number of changes are to be announced — perhaps a fairly large-scale shifting of top personnel.

May Seek More Power

There is much talk that old Marshal Chu Teh will succeed to Mao's government post. There is also a possibility that the job will go to the present premier, Chu En-lai. If this should come about, it would indicate Red China is increasingly anxious to join the big power club and make her weight felt at top levels in world councils.

Chou's wide diplomatic experience would fit in with such a goal.

There are other candidates for the government chairmanship, including veteran Communist theoretician Liu Shao-chi. Others whose careers should be watched include such men as Marshal Ho Lung, economist Chen Yun and Foreign Minister Chen Yi, all vice premiers now.

May Turn To Mid-East

If Ho Lung should rise to new prominence in the government, one might well look for increased Chinese interest in such Middle East areas as Iraq and even in African areas. Such interest, indeed, might even clash with Moscow's.

Should Chen Yi become premier in place of Chou En-lai, it might indicate a tougher and more reckless approach to the conflict with the United States over Nationalist China and the offshore islands. Chen Yi is a notorious fire-eater with regard to "liberation" of Formosa.

But a step upward for Chen Yun could indicate a milder policy and even a backing away from the super-ambitious goals of the economic program. It might hint at a tendency to avoid too risky adventuring in the international arena. This is a course the Soviets might welcome, since Peiping belligerence at the wrong time can have grave repercussions for the Kremlin. Chen Yun is regarded as strongly pro-Moscow.

It matters little who becomes chairman of government in Peiping. The Communist party will still run everything. But the choice of personalities to fill top government positions can be important as a fairly reliable barometer for judging how the political wind blows in Peiping.

UNIVERSITY PARK, Pa. (AP) — The Pennsylvania Assn. for Adult Education today announced its annual award has been given to Hugh G. Pyle, head of Pennsylvania State University's Division of Formal Instruction.

Would Outline Official Duties

HARRISBURG (AP)—A bill defining a magistrate's responsibility to hear cases involving game law violations was approved by the House Game and Conservation Committee Tuesday.

The state has charged some magistrates with misfeasance in office for being unavailable to hear such cases.

Chairman Harris G. Breth (D-Clearfield) said his committee has attempted to define a magistrate's duty to be available for hearings. Under the proposal, he said, a magistrate would have to be available only during regularly scheduled times.

The committee also approved a proposal extending to all paralytic persons permission to hunt from automobiles. Such permission now is available only to veterans.

JOBLESSNESS BIG PROBLEM FOR ITALIANS

Unemployment is Italy's most stubborn problem, Sam Dawson, AP business news analyst, says in a dispatch from Rome today. Dawson is touring Europe.

By SAM DAWSON
AP Business News Analyst

ROME (AP) — Unemployment is today's most stubborn problem in the United States. It's the biggest bugaboo in Italy, too.

The chief similarities: In both countries there are pockets of joblessness and women are a growing part of the labor force.

The chief differences: 1. U.S. pockets are mostly in industrial areas hard hit by the recession and where recovery has brought greater revival in production than in rehiring. Italian pockets are largely geographic rather than industrial. 2. The U.S. government intervened only in moderation. The Italian government is making heroic efforts — some with the help of American dollars — to alleviate a much more permanent problem.

Recession Hit Lightly

The industrial recession touched Italy lightly compared to the sharp drop in the United States. Industrial unemployment rose only slightly here. Industrial recovery was quick in the United States; Italian industrial output is rising but at a slow pace.

Chronic unemployment is mostly in the south of Italy, where industry now is making a tentative entry, nudged along by a worried government.

Its chief efforts are two: to rebuild agriculture through power projects, irrigation, and advanced techniques and to get the crowded and impoverished population either into northern Italian factories or into jobs in other countries.

The first calls for training and education, a long, slow process at best.

The second may be helped by the common market. The six member nations — Italy, France, West Germany, Holland, Belgium and Luxembourg — have pledged that when it gets fully going laborers can move freely from one country to another.

Northern Europe long has used Italian workers. Italy, for example, was just as concerned as Germany and Belgium when the great flow of American coal to Europe, which gave the American coal industry one of the few shots in the arm in recent years, seemed likely to close down European coal mines. Many Italians in Belgium would have been thrown out of work. The flow has stopped and they're still working.

Like Deep Recession

At present the relation of the jobless in Italy to the total labor force is much like the ratio in the United States at the depth of the recession.

Despite the emigration of 750,000 Italians since 1950 and a steady rise in total employment, unemployment stays around 7 percent of the labor force. The reasons: A slow but steady increase in population; farmers leaving the land to look for factory jobs and the emancipation of women.

WINS SENATE OK ON BILL TO OUST ATHLETIC COMMISSION

By BILL GIBSON
HARRISBURG (AP)—Sen. Z. H. Confair (R-Lycoming) battled Democratic opposition and led a successful fight to gain Senate approval Tuesday of his bill to do away with the State Athletic Commission.

Confair won a 28-21 roll call decision after verbal sparring with Sen. Charles R. Weiner, Democratic floor leader.

"This bill was not under the plan or program of the commission," said Weiner after failing in his move to knock out the proposal.

Goes To House

The measure was sent to the House for consideration. Gov. Lawrence told a news conference last week he would veto the bill if it passed the General Assembly.

Confair said that turning the duties of the three-man commission over to a deputy secretary of the Commonwealth would save the taxpayers \$100,000.

He said that the commission dealt with the professional and amateur boxing and with wrestling. However, he said, boxing was on the decline and wrestling should not be considered an athletic competition.

"Wrestling is nothing but an act. The commission shouldn't take care of a burlesque show," the Lycoming County lawmaker stated.

Weiner asked the senators to join him in opposing the measure on the grounds that it was completely unnecessary.

Says Overcrowded Restaurants Peril

HARRISBURG (AP) — Sen. Israel Stiefel (D-Phila) thinks overcrowded restaurants area threat to public safety.

Stiefel introduced a bill in the Senate Tuesday which would limit the number of persons that could safely occupy a public restaurant at any one time.

"In many instances restaurants are so overcrowded that a fire might result in a calamity," Stiefel said in proposing the bill.

2 EX-MINERS' BODIES FOUND AT JOHNSTOWN

JOHNSTOWN, Pa. (AP)—Two retired miners, both widowers who lived alone in homes 200 yards apart, were found shot to death Tuesday night in what authorities called a murder-suicide.

Coroner Joseph Govekar of Cambria County said John Topor Sr., 63, killed Stanley Mardula, 72, with a .22 calibre pistol in Mardula's home, then went to his own house and fired a bullet into his head.

Govekar could offer no motive for the shootings in a remote area of Blacklick Twp., 18 miles north of this western Pennsylvania community. He said the men were reported to be friendly.

3rd Such Shooting

It was the third such shooting in a 10-mile radius of Blacklick Valley in two weeks.

On April 12, Frank Branick of Vintondale fatally shot himself after wounding his wife, Helen as she walked to work.

The following night, Frank Lezak, 52, of Revloc, killed his stepson, Robert Wike, 30, and then took his own life during an argument in their home.

WOULD BOOST HOSPITAL AID

HARRISBURG (AP)—Appropriations to the Public Welfare Department for state-aided hospitals would be increased by 10 per cent under a resolution sponsored by three Republican senators.

The resolution was sent to the Senate Public Health and Welfare Committee Tuesday after Sens. Charles R. Weiner, Democratic floor leader, opposed its immediate consideration.

Sponsors of the resolution were Sens. Arthur E. Kromer (Jefferson), Ernest F. Walker (Cambria) and J. Irving Whalley (Somerset).

A Senate Appropriations subcommittee held hearings last week on budget recommendations for the Welfare Department. Department spokesman said there was not enough money designated for the state-aided hospitals.

The three Senators noted that "in the interest of the citizens of the Commonwealth it is imperative that the hospitals be given sufficient money."

Prospective Juror Is Willing At 9

GOSHEN, N.Y. (AP) — Vincent Van Derhoff, of Chester, N.Y., answered an Orange County summons for jury duty with a letter saying: "I got good sense and if you really want me I'll be there."

He continued: "But first I think I should square it with you. You see, I'm only nine years old."

Vincent's father, of the same name, died two years ago.

FARMERS ON SCHEDULE

HARRISBURG (AP) — Favorable weather has allowed farmers to start spring planting on schedule this year, the State Agriculture Department said Tuesday.

It reported that farmers made good headway with spring plowing and sowing of oats and other early crops during the past two weeks.

GRANGE HOLDS BOOSTER NIGHT

There were 77 members and visitors present Saturday night as the Biglerville Grange held its open house booster night. Several of the visitors have indicated an interest in becoming members.

A varied program was presented, as follows:

Song, "Pussy Willows," by a group of children; poem, "Daffodils," Brenda McFeters; song, "Cotton Candy," by a quartet, Barbara Main, June Wright, Connie Slaybaugh and Carolyn Riley, accompanied by Miss Mary Moore; poems, "The Cow" and "The Elf Man," Nancy Heckman; solo, "Little Blue Man," Patsy Kunkel, accompanied by her sister, Judy Kunkel; debate, "How, When and Why," Earl Smith and Herbert Zepp; play, "Seeing Is Believing," Carl McDannel and Patsy McFeters; duet, "Wonderful Words of Life," Mrs. Grayson Main and Mrs. Glenn Heckman.

Mrs. Herbert Zepp was chairman for the program and was assisted by Mrs. Main.

Announcement was made that the Biglerville Grange will present the program for the annual visitation program to which Gideon Grange, Hanover, will be host. The Springfield Grange will fill the chairs. Daniel Walter, of Walter and Lady, will speak on the genetics of corn. A music program is also planned.

The meeting at Hanover is scheduled for 7:30 p.m. Friday. Biglerville Grange members will meet at St. Paul's Lutheran Church, Biglerville, at 6:45 p.m. to go to Hanover.

Cites Neglected Areas Of Nation

EUGENE, Ore. (AP) — Forest, range land and water development are neglected in the United States and the nation is living in the past because of it, Sen. Hubert Humphrey (D-Minn) said Tuesday night.

Humphrey, scheduled to speak here again today, said natural resources development has been left to coast for seven years under the Republicans.

The price of such a policy paid by other nations in history, he said, "is written in the seared, over-grazed and deforested Middle East."

Humphrey, often cited as a possible Democratic presidential nominee, said the kind of a struggle this nation should seek with the Soviets is a struggle to see who can first de-salt sea water.

'44 Carbine Slug Causes Trouble

RICHMOND, Va. (AP) — Malcolm U. Pitt Jr., junior high school principal, entered a hospital with severe abdominal pains. An ulcer, he figured.

X-rays were taken. No ulcer. It was a calcified carbine slug nesting below the liver, vintage 1944. Normandy invasion.

The doctors decided to leave it there, a historic memento.

CASTRO GIVEN LOUD WELCOME

NEW YORK (AP)—Prime Minister Fidel Castro of Cuba, "pleased and impressed" by an enthusiastic welcome from New Yorkers, calls on the United Nations today.

At the halfway mark of a tour to "promote Cuba" among Americans and Canadians, Castro told reporters that the noisy welcome by some 20,000 New Yorkers — largely made up of the city's big Latin-American colony — "pleased and impressed me."

It was almost midnight Tuesday when he wound up the last official event in a 14-hour schedule that included three speeches, lots of handshaking and police-led scrimmages in and out of his hotel headquarters and other places.

In his first full day in New York, the 32-year-old lawyer-revolutionary also said:

1. His government might set a date next month for elections, but the actual date is another matter.

2. He may not seek the presidency when the elections are called.

NEW OXFORD, UPPER ADAMS LIONS MEET

The New Oxford and Upper Adams Lions Clubs joined Tuesday night to celebrate their 20th anniversaries at a meeting in the Biglerville Elementary School cafeteria. Seventy members of the two clubs were present for the roast beef dinner.

Ken Murdock, sales manager of Rice, True and Rice, Biglerville, a subsidiary of Inland Container Corp., spoke on the history of the Inland Company, illustrating his talk with slides showing the firm's facilities and operations.

Murdock said that Inland, which was founded about 25 years ago, is one of the largest manufacturers of paper boxes and cartons in the world. It has plants in Texas and through the South and East. One plant is at Biglerville.

Inland Policies

He also outlined the company's policies on employees' benefits and on reinvesting its profits (97.5 per cent) into new buildings and equipment.

E. D. Bushman was program chairman and was assisted by Ralph Shetter and the Upper Adams Club directors. President Sam Ehlman conducted the meeting.

The two clubs received their charters at a joint charter night meeting March 23, 1939.

NOTICE

Say AP Met Biggest News Challenge Since War Days

NEW YORK (AP)—Directors of The Associated Press said today that during the past year the AP had met the biggest challenge of world news events since World War II.

Reviewing events, the directors said:

"The cold war continued. There were political upheavals and crises on every continent. France underwent a fundamental change in government under De Gaulle. A divided Berlin keeps Europe in turmoil.

Vast Scope Of News

"The datelines from Iraq, Lebanon, Quemoy, Tibet and Cuba remind us of the scope of the news coverage problem.

"There were obstacles to fair and factual news reporting the world around, including restricted access to public information in the United States."

"The Associated Press has a strong position in meeting its responsibilities," the directors said. "It is a cooperative world-wide news organization answerable to no government, no group of stockholders or to any special interest."

"It bears a great obligation and equal opportunity to serve its members, its readers and listeners everywhere. The need for a co-operative news service, owned and controlled by its users, has never been greater."

Read To Membership

The report was read at the AP annual membership meeting in the Waldorf-Astoria Hotel.

The program included election of six directors, because of expiring terms, and action upon regular membership applications from 18 associate member newspapers.

Looking back to 1939, the directors said:

"The board recognizes a significant anniversary: it was 20 years ago that the membership instructed the board to make Associated Press news available to qualified radio stations for commercial broadcast."

Radio Pays Its Way

Recalling that this action had followed years of debate as to whether The Associated Press should serve newspapers exclusively, the directors commented:

"Radio not only pays for its own distribution and overhead costs, but makes a substantial financial contribution to the general service which has been increasingly important in financing necessary expansion during the past two decades."

"Radio members now provide news from almost 600 communities in which there are no member newspapers. In increasing numbers, television members are contributing spot news pictures to the wirephoto network."

Achievements Noted

The directors said the AP staff recorded notable achievements and that the AP also "went outside its own staff for some unusual material which was widely used."

The directors reported "a moderate growth in newspaper membership in The Associated Press," continued gains in broadcasting outlets at a gratifying rate and continued expansion overseas on a sound basis.

U. S., REDS DENY MIGS PATROL AIR CORRIDOR

BERLIN (AP)—The Soviet Embassy has denied that MIG fighters have begun regular patrols in the air corridors linking isolated West Berlin and West Germany. There was a similar denial from American officials.

The Soviet Embassy issued its statement in East Berlin after reports circulated abroad that a Soviet fighter squadron had been assigned to patrol West Berlin's air-lifelines.

"This report is not true," said J. W. Behurov, the chief Soviet spokesman. "There has been no change in the air corridor situation on our side. The only change has come from the American side."

Differ Over Altitude

He was referring to U.S. insistence that its Air Force planes have the right to fly to West Berlin above the Soviet-specified 10,000-foot ceiling.

Soviet MIGs have buzzed three U.S. Air Force transports within the last four weeks when they flew at altitudes above 10,000 feet, which Moscow claims must be reserved for Communist aircraft crossing the corridors.

The United States holds that its new transports operate more efficiently at higher altitudes and will be dispatched to Berlin at high altitudes whenever necessary.

and son, Michael, Baltimore, visited over the weekend with Mr. and Mrs. Curtis Topper and Mrs. Thornton Rodgers.

Mr. and Mrs. Carroll Topper and family, Allentown, and Mr. and Mrs. Vincent Topper and family, Harrisburg, visited recently with Mrs. Stella Topper and daughters, W. Main St.

The Emmitsburg Homemaker's meeting will be held Thursday at the home of Mrs. Paul Beale.

The monthly meeting of the PTA of Emmitsburg High School will be held this evening in the school.

WOODFORD, England (AP) — Sir Winston Churchill Monday night put himself forward as a candidate for the House of Commons where he first won a seat 59 years ago.

The 84-year-old statesman told cheering Conservatives in his Woodford constituency that "as your member (of Parliament), I shall do my best to serve you as long as my breath holds out."

The wartime leader voiced hope Germany will be reunified and that it will not fall under Soviet domination. The West, he said, cannot abandon West Germany, its ally in the North Atlantic Treaty Organization.

MANAGUA, Nicaragua (AP) — Police today held five leaders of the Conservative party youth movement on charges of plotting against the government.

The five were arrested in connection with recent scare bombings in Managua and distribution of leaflets urging revolt.
